Roblox is a user-generated online game platform. It is like Lego for adults, it has an array of age appropriate content from kids to adults. One can buy, sell or trade parts and codes on the Roblox marketplace. The company was founded in March 2006 which makes it one of the oldest in its sector and a rarity as an independent video game developer. Given the small size of Roblox (around 15 employees), there is not much information about the company which means that finding a free robux for roblox can be difficult. So I have decided to list the best sources to get free robux for roblox. There are many ways you can earn robux on roblox but most of them are expensive or annoying. So I will only be listing the reliable ways to get free robux for roblox.

On July 8, 2013 (3:00 PM), ROBLOX released a new website design. The old design was getting outdated and had many bugs that prevented users from accessing all of their content. This redesign changed everything to make it easier for everyone. Other improvements include simplified forum viewing/posting, improved chat system, improved site-searching/navigation, and improved ability to manage groups and groups permissions.

Rated 3 out of 5 by Anonymous from I like this game I think that this game is good and it's fun. Rated 4 out of 5 by Anonymous from So cool! My friend told me to download roblox and I did it but the only problem is that there are so many things to download 20gb but overall it is so cool I love it! Rated 5 out of 5 by Anonymous from Fun Fun Fun Great game for all ages. It shows you the basics on building your character and some scripting as well. Not to mention, the multi-player features that ROBLOX provides.

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).

If that never happens then the servers are going to crash and the game will die. If you take a look at the way ROBLOX's developers are trying to make even more money, you will see that they do not want to add any real value to their games. They want people to spend real money for fake money (robux) so they're going to make it so that it's impossible for someone who doesn't pay for robux to exist within their virtual world.
